MEMORANDUM FOR: Special Assistant to the Director
for Planning and Coordination

SUBJECT: Proposed OSI Project on Armed Forces
Medical Library Literature

25X1A

1. Attached is a draft of subject project and a memorandum on the project from [REDACTED] from the Office of Scientific Intelligence (OSI).

2. This project has been a gleam in OSI's eye since November 1952. Several drafts have been fought and bled over since then. The attached draft is the first in which the Office of Collection and Dissemination (OCD) has been willing to concur, with the reservations noted in the attached memorandum.

3. I do not believe that further coordination at the working level is practical. Whatever conflict remains will probably have to be considered by the Project Review Committee.

4. I recommend that the draft be returned to OSI with an indication that our Office has reviewed it.
